Activity 1 **Perform**

UKE BOX - Throw Your Tooth On The Roof

UKE BOX features video performances of original songs, written and arranged by Tasmanian songwriter Eleanor Tucker. Each arrangement showcases orchestral instruments as well as encouraging ukulele players of all levels to have a go and play-along.

Chord and tab charts are displayed on screen, and each song is followed by an up-close demonstration of ukulele technique. Duplicate videos displaying song lyrics are available as well as support materials for free download, including lead sheets and notes for teachers.

“Each song has been written with the ukulele in mind. I have tried to keep these parts as simple and accessible as possible (mainly 1 & 2 finger chords/ some pentatonic melodies) while simultaneously providing enough variety to retain interest, and extend playing technique.”

Eleanor Tucker 2021

Learning Throw Your Tooth On The Roof

“All over the world there are different traditions and beliefs around what children should do with their baby teeth. Many of them relate to a magical wish coming true or the bringing of good luck. One morning, when my son was very young, he caught me almost in tears; sleep-deprived and overwhelmed with household chores. He patted me on the back and said, “Don’t worry Mum; when you get older, your teeth will fall out and then the tooth fairy can help you!”. It was this incident that inspired the last line of the song.”

Eleanor Tucker 2021

A score excerpt of “Throw Your Tooth on the Roof”, arranged for classroom instruments, is provided below. Score and parts are available for purchase through TSO Publishing.
